Dear Resident,

Traffic Light Upgrade, Frobisher Drive junction with Queens Drive, Swindon

I am writing to inform you of some upcoming maintenance work we have scheduled for the Frobisher Drive junction with Queens Drive. We have planned for a necessary traffic light upgrade to take place at this junction over the next month.

In order to reduce the impact on the road, we were able to complete some early site works at the Frobisher Drive junction on the paths and verges only, which you may have noticed over the last couple of weeks.

The remaining upgrade works are planned to take place starting the week of **Monday 24th August, for approximately 3-4 weeks.**

We have worked with our Streetworks team to ensure there is minimal disruption on the road. Therefore, the works will be controlled using temporary traffic lights at the junction, and no road closures should be necessary. We have been granted a Temporary Traffic Regulation Order to ban the right turn into Frobisher Drive from Queens Drive during the works. The diversion is only a short one, taking vehicles up to the Drakes Way Roundabout and back down Queen Drive to the left turn into Frobisher Drive. **The right turn out of Frobisher Drive onto Queens Drive will be maintained at all times.**

If you have any questions then please don't hesitate to get in touch using the email address above.

Best regards,

Josephine Prunty
